Re: Your "Request for Information" dated March 18, 1988, received
March 22, 1988, regarding "York Oil, Moira, NY".

Dear Ms. Henry:

Some facts regarding this matter:

1. Please see this letterhead for the spelling of the company name as compared to your letter. We feel there is a mistaken identity.
2. This corporation was formed in September, 1980.
3. This is a construction business that neither produces nor handles hazardous waste.
4. None of the items presented in our letter or documents is familiar to us.

We understand this is a very serious matter and do not want to spend the money to defend ourselves against Alcoa and Reynolds. Should you find the above satisfactory, would you kindly notify the respective parties that we are not involved? We look forward to your response to us within thirty (30) calendar days of your receipt of this letter.

Sincerely,

HOLCOMBE ERECTORS, INC.
